Other Education Name and Location *Field not completed.*

Graduated/Degree *Field not completed.*

Emphasis *Field not completed.*

Do you reside inside the corporate limits of the City of Independence? Yes

If no, do you reside within 3 miles of the corporate limits of the City of Independence? *Field not completed.*

What experiences have you had that you feel would assist you as a board member?

As an engineer that has worked for a pipeline consulting company as well as petroleum refining companies, I am dealing with planning and zoning on a daily basis. Although it's not related to city government, it is related in regards to having to interpret many codes, standards, interpretations, and maps. As an engineer I'm constantly digging into codes that relate to design, construction, installation, and operation of structures, piping, and large machinery. Often times I take my calculations and interpretations in front of refinery management and at times, corporate executives. In short, I feel that my experience will translate well to and assist the board in analyzing and ultimately making decisions and taking those decisions/recommendations to the City Commission.

Why do you want to become a member of the board?

I want to become a member of the Planning Commission/Zoning Board of Appeals because not only do I have a desire to become more involved with the City of Independence, but I also have a desire to positively impact this community.

Do you feel that there are any issues needing immediate attention by the board? If so, please explain.

Due to the nature of not having been involved in the past, I do not currently have any issues to bring to attention. I'm looking forward to learning of the needs within the Jurisdiction.
