What experiences have you had that you feel would assist you as a board member?	I am the Research Librarian at the Independence Public Library. I have assisted a large number of people researching local history and have found the information fascinating in and of itself. I consider the preservation and promotion of local history to be vital to any city or town's strength.
Why do you want to become a member of the board?	Since moving to Independence in 2003, I have been fascinated by local history. I appreciate that Independence has maintained a great deal of it's storied history and I would like to play some role in promoting the city and it's history.
Do you feel that there are any issues needing immediate attention by the board? If so, please explain.	The Arco Building (it's current "name" escapes me) needs to be occupied.
Other comments:	Preserving the past is intrinsically tied to developing for the future.
