College Name and Location N/A

Graduated/Degree N/A

Major N/A

Other Education Name and Location SEK Area Vo-Tech School

Graduated/Degree Graduated 1996

Emphasis Electrical

Do you reside inside the corporate limits of the City of Independence?

If no, do you reside within 3 miles of the corporate limits of the City of Independence? *Field not completed.*

What experiences have you had that you feel would assist you as a board member?

I've had the honor of sitting on the Independence City Recreation Commission Board from 2015-2018 and was appointed by USD 446 School Board. During that time I saw what it takes to sit on a public board and I believe my experiences of looking at every side of each situation that might arise and allows me to make an educated decision. I've been a Licensed Electrician since 1997 and would like to offer my knowledge and experiences to the board. I've worked since 1996 in Independence working with the public, city inspectors and city administrators.

Why do you want to become a member of the board?

I would like to become a member of the board because I see this as away to stay involved in the community. Another reason why, is I see a need for knowledgeable, educated and licensed electricians to sit on this board to work together with both city officers and each board member to help make informed electrical decisions.

Do you feel that there are any issues needing immediate attention by the board? If so, please explain.

As an outsider, looking in at this time, I do not see any issues that need to be addressed. If I am appointed to this position and once I get familiar with the interactions of the Electrical Board, I might find issues that need to be addressed.

Other comments:

Thank You for considering me for the Electrical Board
