Aye: Ysusi, Caflisch, Hayse

Nay: None

IV. CONSENT AGENDA

(*Consent* is that class of Commission action that requires no further discussion or which is routine in nature. All items on the Consent Agenda are adopted by a single motion unless removed from the Consent Agenda.)

A. Appropriations

1. A-1854

2. P-1826

B. Consider authorizing the abatement of nuisance taxes for 324 S. 17th.

Motion:

On the motion of Commissioner Hayse, seconded by Commissioner Ysusi the Commission adopted the Consent Agenda.

Aye: Ysusi, Caflisch, Hayse

Nay: None

V. ITEMS FOR COMMISSION ACTION

A. Consider a resolution to rescind condemnation action for the property located at 1701 North 10th Street (Garden Walk Apartments).

Director Cowan reported that the building is repaired, and an occupation license was issued and asked the Commissioners to rescind the condemnation proceedings.

Motion:

On the motion of Commissioner Ysusi, seconded by Commissioner Hayse the Commission adopted a resolution rescinding a previous resolution which set a hearing date to consider condemnation of 1701 N. 10th Street; and authorize the release of funds being held for possible demolition of the property.

Aye: Ysusi, Caflisch, Hayse

Nay: None

B. Consider a proclamation declaring January 19, 2020 as Dr. Martin Luther King, Jr. Commemoration Day.

Kathy Shepherd asked the City Commission to adopt the proclamation in honor of Dr. Martin Luther King and invited the Commissioners to join the celebration on January 19th.

Motion:

On the motion of Commissioner Hayse, seconded by Commissioner Ysusi the Commission proclaimed January 19, 2020 as Dr. Martin Luther King, Jr. Commemoration Day and authorized the Mayor to sign the proclamation.

Aye: Ysusi, Caflisch, Hayse

Nay: None

Mayor Caflisch read the proclamation.

- C. Consider Change Order #3 for \$20,610.70 for the 1916 City Hall Phase I project regarding additional needed roof repairs.

Mayor Caflisch noted that this was discussed at the last Commission meeting and asked the Commissioners if they had any questions.

Commissioner Ysusi and Commissioner Hayse replied they have none and the work is necessary.

Motion:

On the motion of Commissioner Ysusi, seconded by Commissioner Hayse the Commission approve Change Order #3 for \$20,610.70 for the 1916 City Hall Phase I project regarding additional needed roof repairs.

Aye: Ysusi, Caflisch, Hayse

Nay: None

- D. Consider updating the Sewer Cost Share Program.

Director Lybarger noted the increase cost in sewer repairs and felt that this is a good time to look at increasing the City's portion of the refunding costs.

Mayor Caflisch noticed that the original proposal only identified two basins that would be eligible and asked if this proposal would open it up citywide.

Director Lybarger noted that the program had already been opened to citywide but, the language in the proposal had never been changed.

Mayor Caflisch noted that the application of the program has wording leading to an understanding of residential but does not say it is not applicable to commercial property and asked if it is open to all property.

Director Lybarger believed that commercial buildings had been reimbursed in the

Minutes of the Independence City Commission's January 9, 2020 Meeting

past, but the program is geared more for residential buildings.

Mayor Caflisch asked if the program is open to rental property.

Director Lybarger reported that it is but the income guidelines are based on the landlord's income not the renter.

Commissioner Hayse noted that the program originated in 2004 and asked if that was the time frame of the original study.

Director Lybarger replied that the study was performed a few years before the program started.

Commissioner Hayse asked if a review of the cost program has been done since 2004.

Director Lybarger replied that no review had been done before now.

Commissioner Hayse asked how often the program should be reviewed.

Director Lybarger replied that the program should be reviewed every two to three years.

Commissioner Hayse asked how you measure the effectiveness of implementation of the program.

Director Lybarger replied that it is hard to measure until a new study is performed and he would be asking the Commission to approve a new study soon.

Mayor Caflisch asked if we should be devoting more to repair the sewer lines, than retaining money for a study.

Director Lybarger thought it would be a money well spent to send a camera into the sewer lines to determine the condition of those lines.

Mayor Caflisch asked if smoke testing something that City employees could perform or would that require a consultant.

Director Lybarger stated that his employees could do most of it but, having enough staff to go around is the issue.

Commissioner Hayse noted that most of the money budgeted for the program had been unspent.

Director Lybarger noted that those funds were budgeted for televising and smoke testing and his staff has been busy working on Basin Five.

Commissioner Hayse stated that it might be worthy to consider how those monies

Minutes of the Independence City Commission's January 9, 2020 Meeting

might be distributed from year to year, depending on how many applications are received and how much work can be accomplished.

Mayor Caflisch added that the City could separate the testing as a separate project.

Commissioner Hayse suggested that the application be simplified and review at some point in the next six months the maximum amount allowed per application.

Mayor Caflisch noted that the item can be tabled if there are specific changes or questions the Commissioners would like to make.

On the motion of Commissioner Hayse, seconded by Commissioner Ysusi the Commission tabled the action to approve the updated sewer cost share program resolution until the next City Commission meeting.

Aye: Ysusi, Caflisch, Hayse

- E. Consider scheduling a work session on February 19, 2020 at 9 AM to review the scope of work for Phase II of the Water Treatment Plant project.

Motion:

On the motion of Commissioner Ysusi, seconded by Commissioner Hayse the Commission approved to schedule a work session on February 19, 2020 at 9 AM to review the scope of work for Phase II of the Water Treatment Plant project.

Aye: Ysusi, Caflisch, Hayse

Nay: None

- F. Consider authorizing the revised 5-year CIP for the Independence Municipal Airport to be submitted to the FAA.

Commissioner Hayse inquired if there were additional costs associated with the revisions.

Mike Conway stated that the costs were the same and the FAA suggested different timelines for the projects and combining some projects.

On the motion of Commissioner Hayse, seconded by Commissioner Ysusi the Commission authorized City staff to sign the revised 5-year CIP for the Independence Municipal Airport and submit it to the FAA.

Aye: Ysusi, Caflisch, Hayse

VI. REPORTS

A. 223 W. Main Street Update.

Director Cowan reported that the State Fire Marshall rejected the plans for 223 W. Main.

Commissioner Ysusi asked what the next step will be.

Mayor Caflich replied that the items identified in the fire safety prevention plan need to be addressed.

Commissioner Ysusi asked if the City had received the updated plans.

Director Cowan replied that they had received the plans, but it was rejected by the State Fire Marshall.

Commissioner Hayse asked if the drawings were updated.

Mayor Caflich replied that we need the drawings that were received to note what action needs to be taken to correct what is in place.

VI. PUBLIC HEARINGS

A. Public hearing to consider condemnation of 301 Cement Street as dangerous and unsafe.

The City of Independence staff has been reviewing 54 properties identified by Montgomery County as unsound. The City of Independence has contacted the owner of record to determine their intention with this property and received a notice to proceed with clearing the property.

Motion:

On the motion of Commissioner Hayse, seconded by Commissioner Ysusi the Commission 301 Cement Street as dangerous and unsafe.

Aye: Ysusi, Caflisch, Hayse

Nay: None

Minutes of the Independence City Commission's January 23, 2020 Meeting

- B. Public Hearing to consider adopting the Southeast, Southwest and Central Neighborhood Revitalization Plans, and establishing the Southeast, Southwest and Central Neighborhood Revitalization areas.

The purpose of this program is to promote the revitalization of specific identified areas through rehabilitation, conservation or redevelopment by providing tax incentives in the form of a property tax rebate based on a percentage of the increased value of the improved property as shown below:

Type of Construction	Years 1-5	Years 6-10
New Structure	up to 100%	up to 50%
Rehabilitation, alteration or addition	up to 100%	up to 50%
Rehabilitation of structure on Kansas Historical Register	up to 100%	up to 100%

Depending on the type of improvement, after a five or ten year period, a portion or all of the increased value generates additional revenue to the taxing entities.

Motion:

On the motion of Commissioner Hayse, seconded by Commissioner Ysusi the Commission adopted an Ordinance adopting the Southeast, Southwest and Central Revitalization Plans and establishing the Southeast, Southwest and Central Revitalization areas as presented and authorized the Mayor to sign the Neighborhood Revitalization Plan Interlocal Agreement.

Aye: Ysusi, Caflisch, Hayse

Nay: None

VII. ITEMS FOR COMMISSION ACTION

- A. Consider setting the date of March 26, 2020 for a public hearing to consider condemnation of 312 S. 15th Street as dangerous and unsafe.

On January 13, 2020, this structure was involved in a fire that did significant damage to a first-floor bedroom, bathroom and kitchen. The rest of the house has significant heat and smoke damage.

Motion:

On the motion of Commissioner Ysusi, seconded by Commissioner Hayse the Commission agreed to set the date of March 26, 2020, at 5:30 p.m. for a public hearing to consider condemnation of the fire-damaged structure at 312 S. 15th Street.

Aye: Ysusi, Caflisch, Hayse

Nay: None

B. Consider a Downtown Bike Rack Policy.

City staff is seeking direction from the Commission on the installation of downtown bike racks and drafting an ordinance.

No action was taken

C. Consider participation in the Community Rating System (CRS) so that residents will qualify for discounted flood insurance premiums.

The City of Independence was contacted by Steve Samuelson, Kansas Department of Agriculture, Division of Water Resources/Floodplain Management that the City is now eligible to join the CRS program. The City of Independence floodplain program was audited by the State of Kansas this past summer 2019. The audit results found that we had one property that was not in compliance. City Staff worked with the property owner and was able to resolve the violation and issue a permit for the property on January 03, 2020, that was approved by the State of Kansas. Since the City of Independence is now in compliance with our floodplain ordinance, we are now eligible for the CRS program that will provide discounts to flood insurance for 64 households in Independence. In discussions with the State of Kansas and reviewing our floodplain management program, the State feels like we have enough points to make our citizens eligible for a 10% discount and possibly higher as we administrate the CRS program. The CRS program has different activities that the City will be required to participate in and make us eligible for points towards the discount levels.

Motion:

On the motion of Commissioner Hayse, seconded by Commissioner Ysusi the Commission approved the Mayor to sign a letter of intent to participate in the CRS program.

Aye: Ysusi, Caflisch, Hayse

Nay: None

D. Consider the recommendation of the Planning Commission to grant a conditional use permit for an Indoor firing range in the C-3, Central Business District at 212 North Pennsylvania Avenue with conditions.

On January 7, 2020, the Planning Commission held a public hearing for a conditional use permit for an Indoor firing range in the C-3, Central Business District at 212 North Pennsylvania Avenue with conditions.

Motion:

On the motion of Commissioner Hayse, seconded by Commissioner Ysusi the Commission accepted the recommendations from the Planning Commission and adopt a resolution approving a conditional use permit for an Indoor firing range in the C-3, Central Business District at 212 North Pennsylvania Avenue with conditions.

Aye: Ysusi, Caflisch, Hayse

- E. Consider amending the qualification for electrician licensure.

The City of Independence Electrical Board has been reviewing qualifications for licensure for an electrician in the City of Independence. The Electrical Board voted to require electricians to submit 6 hours of Kansas approved (CEU) starting in 2021 in order to obtain a City license. The request was submitted to City Attorney Jeff Chubb who researched the request and provided the attached ordinance that was approved by the Electrical Board at their January 6, 2020, meeting. The Electrical Board will be hosting a CEU event for local electricians to obtain their CEU hours and the City of Independence will be providing a space for the training to occur. Participants in the training will cover the cost of the training and instructor for the class.

Motion:

On the motion of Commissioner Ysusi, seconded by Commissioner Hayse the Commission approved the amendment to the Licensure of Electricians starting in 2021.

AGENDA ITEM Consider an ordinance expanding the sale at retail of cereal malt beverage and alcoholic liquor on Sundays.

SUMMARY RECOMMENDATION Adopt the ordinance.

BACKGROUND Previously the City Commission has discussed opening up the sale of cereal malt beverage and alcoholic liquor on Sundays. At that time the Commission requested to receive feedback from business owners. We have heard through Main Street that there is interest from some business owners to allow for Sunday sales. There are other business owners who have indicated they prefer not to be open on Sundays, as this would increase their overhead. However, this ordinance would not mandate that they be open on Sundays. By adopting this ordinance it provides the option to business owners to sell alcohol on Sundays if they so choose.

The ordinance would expand the sale at retail of cereal malt beverage in the original package to include any Sunday, except Easter, between the hours of 12:00 Noon and 8:00 PM; and it would expand the sale at retail of alcoholic liquor in the original package to include any Sunday, except Easter, between the hours of 12:00 Noon and 8:00 PM, and on Memorial Day, Independence Day, and Labor Day.

Once the ordinance is adopted it is required to be published once per week for two consecutive weeks in the official City newspaper. The ordinance does not go into effect until 60 days after its publication if a valid petition is not filed. If a valid petition is filed it must be placed on the ballot for a public vote.

BUDGET IMPACT The City receives sales tax and liquor tax from the sale of alcohol. By adopting this ordinance it would reduce the leakage caused by those that travel to neighboring cities to purchase cereal malt beverages or alcohol on Sundays.

SUGGESTED MOTION I move to adopt an ordinance expanding the sale at retail of cereal malt beverage and alcoholic liquor on Sundays.

SUPPORTING DOCUMENTS Ordinance prepared by the City Attorney

ORDINANCE NO. _____

**An Ordinance Expanding the Sale at Retail
of Cereal Malt Beverage and Alcoholic Liquor on Sundays**

BE IT ORDAINED by the Governing Body of the City of Independence, Kansas:

Section 1. Pursuant to K.S.A. 41-2911, the sale at retail of cereal malt beverage in the original package is hereby expanded to include any Sunday, except Easter, between the hours of 12:00 Noon and 8:00 P.M.

Section 2. Pursuant to K.S.A. 41-2911, the sale at retail of alcoholic liquor in the original package is hereby expanded to include any Sunday, except Easter, between the hours of 12:00 Noon and 8:00 P.M., and on Memorial Day, Independence Day, and Labor Day.

Section 3. This Ordinance shall be published once per week for two consecutive weeks in the official City newspaper. The Ordinance shall then not become effective earlier than sixty (60) days following the date of its publication. If, within sixty (60) days following publication of this Ordinance, a petition is submitted according to law, this Ordinance shall not become effective until the proposition is submitted to and approved at an election conducted in accordance with applicable Kansas statutes. Upon the expiration of sixty (60) days following publication, if no petition has been submitted as permitted by law, this Ordinance shall take effect.

Adopted by the Governing Body of the City of Independence, Kansas, on the 14th day of May, 2020.

AGENDA ITEM Consider setting the date of July 23, 2020, for a public hearing to consider condemnation of 1033 N. 17th Place.

SUMMARY RECOMMENDATION City staff recommends setting a public hearing date of July 23, 2020, to consider condemning 1033 N. 17th Place as dangerous and unsafe.

BACKGROUND The structure was involved in a fire on April 22, 2020, that gutted the garage and caused extensive wiring damage. Due to the wiring damage, the power has been disconnected. This structure was also totaled in the 2018 flood, and the owner has until August 2020 to determine whether they will repair or remove the structure. I continue to be in contact with the owner, along with the State of Kansas, as we work to resolve the flood damage claim.

BUDGET IMPACT The budget impact would consist of the cost of demolition if the owner does not diligently pursue repair or removal.

SUGGESTED MOTION I move to set the date of July 23, 2020, at 5:30 p.m. for a public hearing to consider condemnation of 1033 N. 17th Place.

April 2020 Sales Tax Report

City of Independence Kansas

Sales Tax Report for April 2020

One Percent Sales Tax – General Fund

The attached spreadsheet and graphs provide comparisons by fiscal year of the **one (1) percent** sales tax levied for City purposes; another one percent is levied for the Special Use Sales Tax Allocation, and another one percent for Education.

NOTE: the “receipts” reported from the State of Kansas to the City for any given month are from sales generated two months prior. For example, the April receipts shown in this report were from sales in February 2020.

April 2020 is the fourth month in the FY2020 Sales Tax Revenue account.

- **April** receipts totaled **\$172,804**, which is an **INCREASE of \$33,014** from April 2019, or **up 23.6%** (see Graph 2, “April 1% Sales Tax 10 Year History”).
- On a straight-line projection, sales tax budgeted for FY2020, with four months reported, **would project total 2020 receipts at \$2,074,489 or \$50,638 over our FY2019 actual** amount of \$2,023,851.
- Also, on a straight-line projection sales tax budgeted for FY2020, with four months reported, **would project \$139,489 over our budgeted** amount of \$1,935,000; this would be **7.2 percent higher** than the budget.
- After four months, we have **collected 35.7%** of our budgeted amount.
- FY20 collections through April are **UP 5.1%** or \$33,639 **over FY19** collections through April and **UP 9.5%** or \$59,888 **over FY18** collections through April.
- The **Compensating Use** sales tax portion made up **10.3 percent** of the \$172,804 total (\$17,807) (see Graph 5 “2019 1% Sales Tax – Monthly/Compensating Use Sales Tax and Sales Tax.”).

RE: Comprehensive Plan Update

Dear Mayor and City Commissioners,

On March 3, 2020 the Planning Commission completed the annual review of the Comprehensive Plan adopted initially in 1982. The Planning Commission discussed the need to update this important document, particularly as it relates to economic development. With the \$100,000 estimated cost of the plan update, one suggestion was to recommend encumbering funds from multiple budget years until adequate funds were available.

With the 2020 pandemic, we understand that the readjustment of future priorities may need to occur due to the potential long term financial impact on the City's finances. However, we ask that this vital project be kept in mind.

Sincerely,

Barb Emert made a motion to approve the minutes of the February 4, 2020 meeting, Mary Jo Meier seconded the motion. The motion carried 5-0. Members Lisa Richards and Kendall Neill were not yet in attendance during this vote.

Planning Commission

- b. Public hearing to consider a request for a conditional use permit for a daycare in an R-1, large lot single-family dwelling district at 609 Mulberry Street.

The following staff report was reviewed:

Summary

The Planning and Zoning Commission has received a request for a conditional use permit from Aubrey Carpenter for a daycare at 609 Mulberry Street.

City Zoning Code Section 403. 0 defines a day care facility as follows:

Day care facility. Anyplace, home or institution which receives four or more children under the age of 18 years for any part of the 24- hour day for compensation; provided, however, this definition shall not include public and private schools organized, operated or approved under the laws of the state, custody of children fixed by a court of competent jurisdiction, children related by blood or marriage, to the day care provider, caring for children within an institutional building while their parents or legal guardians are attending services, meetings or classes or engaged in church activities.

Appendix "A" of the Zoning Ordinance allows a day care facility as a permitted use in the C- 1 and C- 2 districts. Day care facilities are allowed as a conditional use in the A- 1, R- 1, R-2, R-3, R-4, R- 5, O/ P and C- 3 zones. Day care facilities are not permitted in the M- 1 and M-2 zones.

Conditional Use Permit

The zoning ordinance in section 901. 1 describes the purpose of a conditional use as:

"..those types of uses which are considered by the City to be essentially, desirable, necessary or convenient to the community but which by their nature or in their operation have:

- 1) a tendency to generate excessive traffic,*
- 2) a potential for attracting a large number of persons to the area of the use thus creating noise or other pollutants,*
- 3) a detrimental effect on the value of potential development of other properties in the neighborhood, or*
- 4) an extraordinary potential for accidents or danger to the public health or safety.*

Such conditional uses cannot be allowed to locate as a `right' on any parcel of land within certain districts without consideration of existing conditions at the proposed locations and of properties neighboring the specific site considered, nor without adequate and sufficient safeguards, when necessary, to lessen the impact of adverse effects."

Staff Report

Article X of the Zoning Ordinance addresses special provisions applying to miscellaneous conditional uses:

1001. 0. Purpose.

1001.1. Purpose: In granting a conditional use, the city may impose such conditions, safeguards and restrictions upon the premises benefited by the conditional use as may be necessary to reduce or minimize any potentially injurious effect of such conditional uses upon other property in the neighborhood, and to carry out the general purpose and intent of these regulations. Any lessening or subverting of those limitations and requirements constitutes a variance and must be treated accordingly. The

following additional conditions shall be a requirement for the approval of the following conditional uses.

1003. 0. Day care facilities for more than four children.

1003. 1. Special conditions: Day care facilities for more than four children shall meet the following provisions when authorized as a conditional use in any residential district:

- a. City, county and state standards: All day care facilities shall be licensed by the state and shall meet all city, county and state health department requirements pertaining to facilities, equipment and other features*
- b. Loading zone: A loading zone capable of accommodating one car for every ten children shall be provided in addition to the required parking area in order to provide for easy pickup and discharge of passengers.*
- c. Operation: Any day care facility shall be operated in a manner that will not adversely affect other properties and uses in the area*
- d. Screening required: Any day care facility located in a building other than a residential dwelling or any residential dwelling used for a day care facility for seven or more children shall provide a visual screen along all property lines abutting any residential use*

Section 610 and 1003 address the minimum provisions the Planning Commission should consider when authorizing a day-care facility in a residential district:

610.0. Family day care homes.

610.1. Definition: A "family day care home" shall be defined as any facility for the care of four or more children, but no more than ten children, including the homeowner's or resident's children, on a professional basis, and subject to state licensing, which is operated out of the residence in which the owner resides.

610.2. [Home occupation license.] Each family day care home must obtain a home occupation license and comply with the restrictions, limitations and requirements contained in 605.0 except as modified herein:

- a. Said facility shall be allowed one sign, not to exceed 18 inches by 36 inches in dimension, which shall be attached to the house.*
- b. Outdoor storage of materials shall be permitted insofar as such materials or equipment are utilized as part of the day care operation.*
- c. The primary resident of the dwelling must operate the facility, who need not be an owner of the dwelling.*

- d. Said facility shall be exempt from all off-street parking requirements included in 701.0*
- e. Children at play on the exterior of the house shall not be considered visible evidence of the business as provided by section 605.1.*

610.3. Special conditions

- a. No day care home may operate in an apartment or duplex*
- b. Each applicant for a home occupation license under this section shall be licensed or registered by the State of Kansas prior to receiving such home occupation license.*
- c. Any family day care home or facility shall be operated in a manner that will not adversely affect other properties and uses in the area.*

In addition to the above special conditions required by the zoning code, the Planning Commission has the authority to place additional conditions on the site that they deem necessary to protect the best interests of the City, the surrounding property and to achieve the objectives of the ordinance.

City staff has reviewed the sites regarding the above special conditions and wishes to provide the following:

- a. City, county and state standards: The applicant would be required to meet all City, county and state standards which includes receiving a State daycare license and a City occupation license.*
- b. Loading zone: One off-street loading zone for every ten children is required by code. However, if the daycare facility is only licensed for nine children or less an off-street loading zone is not required.*
- c. Operation: City staff is not aware of any issues in the operation of this day care that would adversely affect adjoining property owners.*
- d. Screening required: Screening is only required for seven or more children, if this facility is licensed for six children or less then no screening is required.*

In considering those types of uses which may be desirable, necessary or convenient to the community, the Commission should review and make recommendations based in part on 901.1.

Additionally, the decision of the Planning Commission to recommend approval or denial of the proposed conditional use shall be based on the following criteria (902.2):

- a. *The proposed conditional use complies with all applicable provisions of these regulations, including intensity of use regulations, yard regulations and use limitation.*
- b. *The proposed conditional use at the specified location will contribute to and promote the welfare or convenience of the public.*
- c. *The proposed conditional use will not cause substantial injury to the value of other property in the neighborhood in which it is to be located.*
- d. *The location and size of the conditional use, the nature and intensity of the operation involved in or conducted in connection with it, and the location of the site with respect to streets giving access to it are such that the conditional use will not dominate the immediate use of the neighboring property in accordance with the applicable zoning district regulations. In determining whether the conditional use will so dominate the immediate neighborhood, consideration shall be given to:*
 - 1. *The location, nature and height of buildings, structures, walls and fences on the site, and*
 - 2. *The nature and extent of landscaping and screening on the site.*
- e. *Off-street parking and loading areas will be provided in accordance with the standards set forth in these regulations (article VII).*
- f. *Adequate utility, drainage, and other such necessary facilities have been or will be provided.*
- g. *Adequate access roads or entrance and exit drives will be provided and shall be so designed to prevent traffic hazards and to minimize traffic congestion in public streets and alleys.*

Action by the Planning Commission

Any recommendations regarding a conditional use permit for the subject properties shall be based on Section 902.2 previously outlined in this report. After considering any public comments the Planning Commission may either approve or deny the requests. If the requests are approved the applicants must be required to meet the special conditions required for a day care facility within a specified period of time in addition to any other conditions the Planning Commission wishes to require. Following your action, the application and your recommendation will be forwarded to the City Commission at which time they will have 30 days to adopt, modify or deny the Planning Commission's recommendation.

Staff Recommendation

City staff recommends granting the conditional use permit with the following conditions:

1. The applicant must meet all the "special conditions" set forth in Section 1003. 1 a, b, c, and d of the Zoning Code as follows:
 - a. *City, county and state standards: All day care facilities shall be licensed by the state and shall meet all city, county and state health department requirements pertaining to facilities, equipment and other features.*
 - b. *Loading zone: A "hard surfaced" loading zone capable of accommodating one car for every ten children shall be provided within one year in addition to the required parking area in order to provide for easy pickup and discharge of passengers.*
 - c. *Operation: Any day care facility shall be operated in a manner that will not adversely affect other properties and uses in the area.*
 - d. *Screening required: Any day care facility located to a building other than a residential dwelling or any residential dwelling used for a day care facility for seven or more children shall provide a visual screen along all property lines abutting any residential use. The applicant will have one year to meet this requirement.*
2. The conditional use permit is not transferable to another property owner or to another location.
3. The applicant must be in compliance with all City codes and must continue to be in compliance with all City codes. This would include the requirement to acquire a City occupation license which must be renewed annually.

If any of the above conditions are not met the conditional use permit will no longer be valid. The basis of staff's recommendation is that granting the conditional use permit is consistent with the criteria "a through g" of Section 902.2 of the zoning code.

The public hearing was opened by Chair Andy McLenon. The applicant Aubrey Carpenter explained her intention to open a daycare at her residence. Chair Andy asked how many children she would be watching, and she indicated she would be providing infant care, with a maximum of three ages 6 weeks to 24 months. The applicant was asked if she could run her daycare based on the conditions outlined by City staff. The applicant indicated that she could. Being no other comments were made, the public hearing was closed.

Tony Royse moved to approve the conditional use permit, Brent Littleton seconded the motion. The motion was carried 6-0. Member Kendall Neill was not yet in attendance during this vote.

- c. Annual review of the Comprehensive Plan.

The following staff report was provided:

By State statute the Planning Commission is required to review the Comprehensive Plan annually. In previous years the Planning Commission has recommended to the City Commission that the Comprehensive Plan be updated. Due to budget constraints funding has not been allocated for this purpose. The estimated cost to update the plan would be approximately \$100,000.

Mary Jo Meier moved to direct staff to prepare a draft request in writing to be reviewed at their next meeting to ask the Commission to set aside \$50,000 for 2021, and \$50,000 for 2022, or consider funding a portion from the revised 2020 budget to update the Comprehensive Plan. The motion was carried 6-0. Member Kendall Neill was not yet in attendance during this vote.

- d. Consider whether to initiate a conditional use permit for a church at 3176 W. Main.

The following information was reviewed by City staff:

The potential applicant advised that seating would potentially be up to 250. The applicant would be required to follow the off-street parking regulations which require one space per 4 seats or 8' of bench length in the main auditorium.

Does the Planning and Zoning Commission find the request to have a church at this location for an occupancy of up to 250 individuals have characteristics listed in clauses (1), (2), (3) and (4) of section 901.1 of this article?

1. a tendency to generate excessive traffic,
2. a potential for attracting a large number of persons to the area of the use, thus creating noise or other pollutants,
3. a detrimental effect upon the value of or potential development of other properties in the neighborhood, or
4. an extraordinary potential for accidents or danger to the public health or safety.

If so, the applicant would be required to obtain a conditional use permit.

Lisa Richard moved to let the owner know that the Planning Commission will require a conditional use permit, seconded by Mary Jo Meier. The motion carried 6-0. Member Kendall Neill was not yet in attendance during this vote.

Board of Zoning Appeals (Does not include outside City appointments)

- e. Consider status update for 2016/VAR/09 relating to a variance from the hard surface requirement in an O & P zoned district at 900 W. Myrtle.

The following staff report was provided:

On December 6, 2016 the Board of Zoning Appeals approved a variance from the hard surface requirement in an O & P district at 900 W. Myrtle. This variance was requested due to the cost of up to \$56,000 to hard surface a driveway for a building that was intended to be temporary. As part of the approval, the Board of Zoning Appeals requested a status update in 12 months.

Since the initial approval in 2016 the Steering Committee appointed by the City Commission recommended rehabilitating the 1916 City Hall and building a new Public Safety facility across the street in the existing municipal parking lot located on the northeast corner of 6th and Myrtle. If that occurred, there was a possibility of moving the temporary apparatus bay to the sanitation yard at 21st and Maple, which was the original plan when it was constructed with sanitation funds, then the area would have been returned to its previous condition. If the temporary apparatus bay is not relocated, then the City will be required to hard surface the drive to comply with City code.

On February 6, 2018 when this item was reviewed by the Board of Zoning Appeals it was reported that the City Commission had indicated they wish to move forward with the Steering Committee's recommendation, and the location was still temporary at that time. A motion was made to review the status in one year, which passed 6-0.

On March 5, 2019 the Board of Zoning Appeals reviewed the status again and voted 6-0 with one member abstaining to review the status in one year.

Currently Phase I which consists of interior demolition, window and roof replacement for 1916 City Hall is under construction with an anticipated completion date of Summer 2020. The design and programming have yet to be approved for Phase II. However, discussions have evolved to an alternative that would continue to utilize the existing apparatus bay for the Fire/EMS Department.

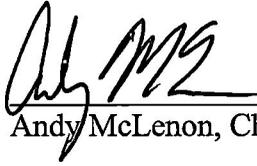

The Board of Zoning Appeals may wish to request an additional update in one year as has been approved in the past.

As part of this discussion, the conditional use permit previously issued regarding hard surface requirements at the southeast corner of Wald Avenue and Myrtle Street that have not been met was brought up by the Board of Zoning Appeals. Staff indicated that they would check into the status.

Mary Jo Meier moved to deny the variance and require the hard surfacing based on three previous extensions and to be consistent with what other new businesses are required to do. Tony Royse seconded the motion. Motion carried 5-0.

Adjournment

Andy McLenon moved to adjourn the meeting, with Brent Littleton seconding the motion, which passed 7-0.

BUSINESS/FINANCE

Park St. Fields

Brent reported to the board that the Sports Complex on Park St. is still under construction. Brent stated that TLC is still working on the fields and because of the pandemic things are moving slower than normal; TLC is only using three or four workers per day. Brent stated the sod has been laid on Clark James and Sinclair fields as well as being re-set. Brent also informed the board members that TLC is

currently working on the mound on Jaycee field and is in the process of leveling all the fields. Brent informed Jack of TLC that city rec will continue to mow the fields at the current time unless something changes in the near future. Brent said that overall he is happy with the work TLC is doing. Tony Turner asked Brent about the city using Park complex as a dumpster site for the program to beautify the city. Brent stated that it has been somewhat a hassle as the public is using IRC's dumpster as well as the dumpster that the city placed down there and it's been a little bit of a mess. Ron Goins suggested turning the IRC dumpster over so there is no access. Brent stated that he could get a hold of someone from the city but believes they are stopping the dumping process and are now allowing the public to take unwanted items to the city sanitation yard instead. Ron stated that he does not feel it is necessary to manicure the fields at this time due to the pandemic and the season being up in the air so to speak. Brent stated that Jim Butts is coming in and mowing three days per week as it is considered essential and he is outdoors. Brent informed the commission that IRC would like to offer baseball/softball this summer if given the opportunity, even if it is a smaller season than is normally held. The board agreed that if possible IRC needs to have baseball season, but will depend on the decisions the governor makes in the next few weeks.

Ash Center Projects

Brent stated that Woods Lumber is doing a wonderful job on the tile floors in the Ash Center commons area. Brent stated they are currently about 60% complete and their employees have been very respectful and have worked very hard. Ron informed the board that he believes Woods will be done in the next couple of days. Ron suggested that Brent get rid of the old basketball arcade game that no longer works and takes up a lot of space and it may be something that could be broken down and taken to the sanitation yard. Brent reported to the board that the other projects going on at the Ash Center include courts going up for pickle ball, one court is already complete. IRC is also waiting on BSN Sports to open back up and complete IRC's order for the new retractable basketball goals for the gymnasium. They have been ordered and are now waiting for installation. Brent stated that the indoor pool is running great and the chemical levels have been perfect. Ron suggested Paula come in during the off hours and polishes the new tile floors once they are completed.

Plans for Moving Forward

Brent informed the commission that he is currently waiting on Governor Kelly's decision as to when to open the state back up as well as the City's and until then his hands are really tied. Brent stated that as long as IRC could start opening back up sometime in May, he is hoping to keep all full-time staff on the payroll. Brent stated if it starts running later than May, he may have to look at unemployment for some of the hourly employees. Christy Mavers suggested that as long as IRC is financially capable of keeping employees on the payroll they should do so, however it would be nice if some maintenance, painting, cleaning etc... could get done while things are closed. Brent stated that he could have employees come in a few at a time and keep social distance or work outside on projects. Brent stated he needs help with the second pickle ball court as well as painting the press boxes on Park St.

RBFAC Updates

Brent stated that he has spoken to Dave Cowen with the City of Independence, and they hope to make a decision on Riverside Beach Family Aquatic Center sometime next week after the governor makes her decision. Brent stated that as of right now IRC cannot train any lifeguards and if that doesn't change pretty quickly, it probably won't happen.

Brent informed the board members that even though there are certified returning guards coming back each year, it will not be enough; new guards need to be trained and certified each year as well. Brent stated that if the city wants to open Memorial Day weekend as planned he will need to have an answer by the end of April.

Executive Session

There was no need for an Executive Session

Items from the Commission

Christy Mavers *Asked Brent to please keep the board informed on important issues such as the pool and baseball season before informing the public; let the board know so they are prepared.

Tony Turner *Suggested trying the Zoom app for the May meeting if social distancing guidelines are still in place. Brent stated he would try to figure it out by then.

Agreement for Action on Items from the Commission

No agreement for action on items.

Adjournment

Ron Goins moved to adjourn the meeting. Tony Turner seconded. Motion carried 3-0. Christy Mavers adjourned the meeting at 12:00 p.m.
