What experiences have you had that you feel	I worked for Newton's INC from 2008 to 2017 on a variety of electrical equipment, electrical systems and motor control circuits

would assist you as a board member?

in residential, commercial and industrial settings. After, I worked for Kelley Electric INC where I worked as a master electrician on commercial and industrial job sites. I now own and operate Zinser Electric LLC and acquired K-Tech Security from Kelley Electric Inc where I perform electrical services for residential, commercial and industrial customers mostly in Independence and the surrounding areas.

Why do you want to become a member of the board?

I'm seeking a seat on the Electrical Board to use the knowledge that I've accrued from providing electrical services to help improve the electrical safety of the Independence community and the quality of electrical services that are provided to citizens and businesses of Independence.

Do you feel that there are any issues needing immediate attention by the board? If so, please explain.

I feel like the Electrical Board should meet more often to discuss and address new concerns and requirements.
