What experiences have you had that you feel would assist you as a board member?

I think the experiences that I deal with on a day to day basis with running my business is something that will be beneficial to assisting in a board member. I deal with so many different issues or situations that come up with running my business that I really have to work together with my team to have good outcomes for my clients. I also think with having a small team that I work with will help me work together with other people on the board to help make good decisions for decisions being made.

Why do you want to become a member of the board?

I'm very passionate about wanting to make a difference in the community. I believe the recreation board is a great way to do that! I believe the kids really enjoy all the activities that the rec puts on and all the teams they play on. I believe they are memories that will last a lifetime for them. Being a part of that would be a really neat thing. I also have small kids growing up playing in different rec leagues and I want to be able to have a voice to help the recreation in future things.

Do you feel that there are any issues needing immediate attention by the board? If so, please explain.
