City of Independence?

What experiences have you had that you feel would assist you as a board member?

I have lived in Independence all of my life, except when I was at KU. I have worked for the Recreation Commission as an umpire and a supervisor. I know the community and I know the needs to help to continue to grow the programs.

Why do you want to become a member of the board?

I want to help advocate and problem solve how to do things more efficiently and more effectively. We have a great opportunity to continue to grow the programs that we currently have. I have some great ideas how to make the sports programs better.

Do you feel that there are any issues needing immediate attention by the board? If so, please explain.

I think it's important to get quality employees and help train them well. The better we train and support our employees, the better it will help our student athletes. I want to be active and help with the new complex. I think the Recreation Commission can have summer tournaments and bring in revenue for our community. We have be visible and able to interact and advocate for our kids, and I'm willing to get out in the community and have those conversations.
