Electrical Board Minutes

Call to Order: Travis Blankinship 5:30 p.m.

Present: Travis Blankinship, Dennis Royer, Rick Kiister, Danny Johnston, & David Cowan

Absent: Rick Howard

Approval of Minutes: Review of the February 22, 2021 minutes
Motion to approve Travis Second Danny
Approved – 4 No - 0

Old Business:

- Electrical Maintenance – board discussed the previous meeting motion on drafting code changes to allow Housing to do minor maintenance electrical and decided to table this item and do no further action. If a business decides to do their own minor electrical work and not hire an electrician they have liability insurance and the board didn't believe they should be approving non-licensed work in the City.

New Business:

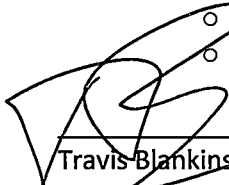

- Membership Discussed positions open and the city is taking applications. Evergy is asking for Dennis Royer to be reappointed.
- Electrician to see board - He did not show up at the meeting. David did speak to him prior to the meeting and he said he would be there.
- Mechanical Board update - The local HVAC companies met and were opposed to any mechanical board or restrictions by the City.
- Discussion of 2011 NEC and considering updating the code
 - Board asked for Tyler to check with SE, Ks. cities and see what code everyone is on.
 - Board discussed some of the changes they are seeing in the new codes – car charging in the garages, GFI etc.,.
- Non-licensed – David will report back on status of electrician licenses at the next meeting
- Discussion of 2021 CEU – the board would recommend online CEU this year and not holding a training event.
- Service Entrance Cable – a local electrician complained about a service entrance wire not being in conduit. Discussion of the code requirements and if the wire used cover was UV rated for outside use. David will get with Tyler and research further and report back at the next meeting.

STRATEGIC VISION: *Customer Service Excellence – Continuous Improvement – Teamwork*
