September 23, 2021

Department Building – ADA Coordinator

Director Approval David Cowan

AGENDA ITEM Consider authorizing installation of ADA ramps at the intersection of 6th Street and Cottonwood Street.

SUMMARY RECOMMENDATION City staff recommends installing ramps

BACKGROUND A resident contacted the City ADA Coordinator who resides at 120 E. Cottonwood Street requesting curb ramps at the intersection of 6th Street and Cottonwood Street. The resident's son is disabled and wheelchair confined. They have difficulty getting him over the curb to load him in their vehicle or the school bus.

A review of the area found ADA curb access at 700 N. Penn Avenue or Penn Avenue and Cottonwood Street, and 5th Street and Cottonwood Street. By completing the two crosswalks at 6th Street and Cottonwood Street, the sidewalk would become accessible from Penn Ave to 5th Street and Cottonwood Street or the end of the sidewalk.

TranSystems has reviewed the area and has an estimate of \$4,094.00 from Graham Construction to add this to their current project and install the two ramps.

SUGGESTED MOTIONS I move to authorize installation of two ADA curb ramps at 6th and Cottonwood for \$4,094.00 by Graham Construction.

SUPPORTING DOCUMENTS Aerial and Cost Estimate

120 East Sycamore: 2 ramps on 6th Street, 8 sidewalk panels connecting to ramp
