1050 LOCOMOTIVE

2022 Annual Report

She's 102, and after 67 YEARS on display at Riverside Park, the iconic 1050 Locomotive is in need of some serious love! Read on to learn about the effort to restore the cherished train for future generations to enjoy.

TIME HAS TAKEN ITS TOLL

CAMPAIGN UNDERWAY TO RESTORE THE 1050

After decades of delighting children and families as both a symbol of history and a thrilling play structure at Riverside Park, the 1050 locomotive is showing its age and needing a robust shot of TLC to bring it up to modern standards for safety, aesthetics and longevity.

The first of 102 "2-6-2 prairie" locomotives built by Baldwin Locomotive Works in 1902, the 1050 was designed as a workhorse for rail lines. These locomotives tore through towns and into the open fields of the prairies. The locomotive was in passenger operation until 1920, when it transitioned to use as a freight locomotive.

This type of engine was retired from 1940-1955, and the ATSF rail company donated the 1050 steam engine to the city of Independence in the spring of 1955. At that time, a drive was

organized to raise money to move it from a side track near the Santa Fe Depot to the park. One way of raising funds was the selling of "shares" in The Independence Shortline Railway for a dollar each. The old engine was moved to Riverside Park on July 1, 1955.

Though built to last, 67 years of weather and curious climbers have taken their toll on the engine, and it's in need of some repair work to keep it beautiful and safe to climb on. The FORPAZ (Friends of Riverside Park and Zoo) organization has taken up the cause to raise funding to restore the structure, with a campaign goal of \$100,000. In a nod to the 1950s campaign, FORPAZ is offering symbolic "shares" in the Independence Short Line Railroad, as a donor perk. (More information on donor levels, as well as a donation form and online link are found on Page 7.)

The Independence Central Park Sports Complex is a phased project to develop new fields and facilities for recreational activities for all walks of life in our community. The complex will include new playing fields for baseball, softball and soccer; pickleball, basketball and fitness courts; multi-use trails; new concession and restroom facilities; improved parking and accessibility for all. More than just a sports facility, the new complex will serve as a driver for additional economic development, community growth and pride.

This initiative is funded through a combination of federal grants, City and Recreation Commission investment, private donations and partnerships. To learn more about this project or ways to contribute, call (620) 331-0260.

GRANT PROGRAMS

Considering a home improvement project this summer?

CITY GRANT PROGRAMS CAN HELP

NEIGHBORHOOD EXTERIOR Grant Program

Designed for residents living in the City's designated Revitalization Districts, this grant provides up to 50 percent reimbursement for neighbors who work together to improve their properties. Homeowner investment from \$1,000 to \$10,000 in qualifying exterior projects may qualify for reimbursement.

Qualifying improvements include façade restoration; exterior painting or siding; masonry; window and door repair or replacement; awnings; gutters; exterior lighting or electrical work; building additions; front porch repair; roofs; driveway repair or installation; landscaping (with limitations); and tree removal (with limitations).

DEMOLITION COST SHARE Grant Program

This new program offered by the City is designed to help property owners with expenses for demolition of blighted structures in Independence. All property owners meeting the established criteria are eligible to participate in the Cost Share Program for qualified demolition projects as funding availability allows.

The program is designed to provide up to 100% reimbursement (up to \$6,000) for labor and materials for applicants who qualify as low-income; and up to 50% reimbursement (up to \$3,000) for applicants who do not meet the low-income criteria.

I'm
relocating!

**LOOK FOR ME IN THE
SEMI-CIRCLE DRIVE
OUTSIDE THE
INDEPENDENCE
CIVIC CENTER.**

In order to make way for continued renovation work at the 1916 City Hall property, early next week, the City's payment drop box currently located on Myrtle Street will be permanently relocated. The new location will be inside the semi-circle drive at the entrance to Independence Civic Center off Locust Street.

A second drop box will continue to be maintained at the current City Hall location, 811 W. Laurel, as long as City offices remain in that facility.
