

McCownGordon Construction

PROJECT UPDATE

City Hall | Independence, KS

June 9, 2023

SUMMARY

We had a very productive week this week.

- Kelley Electric continued wiring permanent light fixtures and installing receptacles.
- Danny Satterfield Drywall continued finishing misc. drywall patches throughout the building.
- McCownGordon received delivery of and started installing the new wood door jambs.
- Koehn continued pouring sidewalks on site.
- Stuart and Associates returned and worked on wall tile in the basement.
- Gold's startup crew was on site and got 2 RTUs started this week.
- Joplin Roofing installed coping cap on the East side of the building.
- Jacor continued with the injection waterproofing in the basement.
