

# McCownGordon Construction

## PROJECT UPDATE

---

*City Hall | Independence, KS*

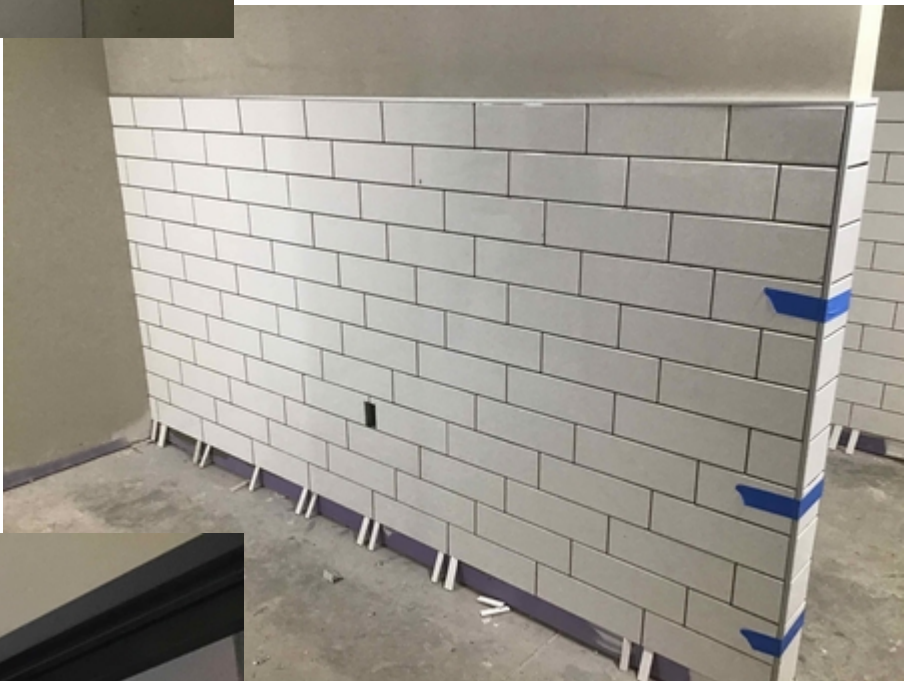

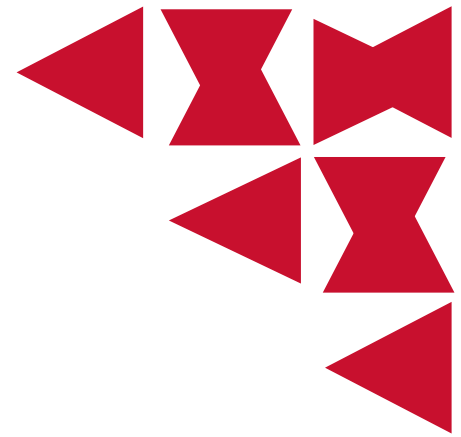

*June 16, 2023*

### SUMMARY

We had a very productive week this week.

- Kelley Electric continued wiring permanent light fixtures and installing receptacles on 1<sup>st</sup> floor.
- Danny Satterfield Drywall dropped ceiling tile on 2<sup>nd</sup> floor and finished the ceiling grid throughout the rest of the building.
- Koehn poured the first area of paving just South of the new addition.
- Gold's startup crew returned and got an additional 3 RTUs started this week.
- Johnson Controls continued wiring the DOAS units.
- Joplin Roofing installed the remainder of the coping cap on the East side of the building.
- Country Home Elevator started work on the dumbwaiter.

-The McCownGordon Team
