

# McCownGordon Construction

## PROJECT UPDATE

---

*City Hall | Independence, KS*

*July 7, 2023*

### SUMMARY

We had a very productive week couple of weeks even with the holiday.

- Kelley Electric continued wiring permanent light fixtures and installing receptacles throughout the building.
- Koehn poured sidewalks and paving on the North side of the building.
- Gold's startup crew returned and continued working on additional units.
- Gateway worked on low voltage wiring on 1<sup>st</sup> floor.
- Stuart and Associates installed the base on 2<sup>nd</sup> floor.
- McCownGordon installed wood doors and hardware and wood trim on 1<sup>st</sup> and 2<sup>nd</sup> floors.
- HTI continued to strip and restrain the historic.
- Gold plumbers installed restroom fixtures in the basement.
